

Our Promise

No matter what you desire...from small and urban to comfortable country acreage or beautiful Kawartha waterfront, your new Minchalet home or cottage will be exactly as you've envisioned.

Our team commits to delivering a truly exceptional building experience that results in a home or cottage that will be cherished for years to follow.

Listen closely. Manage carefully...and focus on exceptional craftsmanship and creativity.

Custom Homes & Cottages

Quality craftsmanship and an attention to detail not common today.

Integrity

We're not your typical builder...and we're very proud of that. Our roots stem from project management expertise that has formed the premise of our service. We know that building your dream home or cottage is very much a journey that should accommodate personal choice. It must allow for careful cost management yet be responsive to your input as you make decisions through the process.

And that's exactly how Minchalet Homes has earned the reputation as being one of the region's most desired builders.

Listen closely. Manage carefully...and focus on exceptional craftsmanship and creativity.

Ready to build your dream

Today's homes and cottages incorporate a multitude of products and systems, which rely on proven partnerships with tradesman offering specialized expertise. Whether it's in-floor radiant heating, alternative energy and heating products, gourmet kitchens, green building initiatives, integrated entertainment systems or smart home management options, a well built home is the result of well managed relationships.

At Minchalet Homes, we're not limited by the confines of traditional custom home building techniques. Our core team are experts in home building - from being one of the region's leading insulated concrete form (ICF) specialists to our extensive framing experience, we seek to shape our services to meet your needs, however diverse they may be.

And with the multitude of product choices available today, we work to help educate and inform our clients to empower them to make choices that are right for their tastes and lifestyles. After all, we recognise the importance of every decision, and how it's often the small details that have a big impact on the enjoyment of your home for years to follow.

So, before you embark down the road of building your dream home or cottage, why not give us a call? After all, an investment of this size and magnitude deserves to benefit from conversations with a few reputable sources. We'd be pleased to talk or meet with you to discuss how we can make your dreams become a reality.

The Difference

Together, Frank and Geoff set out to create a different type of construction company; one that put project management at the forefront of the business. While most builders struggle with keeping customers informed and engaged throughout the construction process, Minchalet Homes was founded on the very notion that clients deserve to be empowered and educated every step along the way. After all, every custom home or cottage project will undergo revisions as the process unfolds and clients should feel welcome in sharing input, understanding options and making the right decisions.

And that's exactly how Minchalet Homes has earned the reputation as being one of the region's most desired builders. Listen closely. Manage carefully...and focus on exceptional craftsmanship and creativity.

Meet Frank Boniakowski

Frank brings a wealth of proven project management expertise to the Minchalet team. As a Professional Engineer, Frank has had the pleasure of working on multi-million dollar construction projects, across North America; his expertise is unmatched when it comes to ensuring a Minchalet Home stays on budget and on time.

Meet Geoff Boniakowski

After studying Business Management at the University of Utah, Geoff chose to pursue his lifelong passion of home building. Now, as a 20+ year veteran of the construction industry, Geoff continues to take great pride in being onsite and hands on. You'll see him in the ditches, on the rafters, or with the crew, ensuring that every detail meets his demanding standards. He's developed a reputation as calm, caring and always willing to 'go the extra mile'.

Geoff is also a member of the Ontario Real Estate Association, the Peterborough and Kawartha Association of REALTORS, and was featured as one of Ontario's up and coming builders in the 2009 'Young Guns' edition of the Ontario Home Builders Association magazine.

"We were very happy with the quality of construction and the timeliness with which Geoff and Minchalet Homes completed the construction of our new home. Geoff and his crew were very meticulous with their workmanship and respectful of our project. The project was completed exactly within the time frame projected."

Derek and Myrna Ellis

"Frank & Geoff Boniakowski, the Founders of Minchalet Home, are true craftsmen at the building trade. Many trades' people may call themselves 'craftsmen', but in the case of Minchalet it's an actuality. They share a great sense of house design and explore new avenues in construction. The key element of Minchalet is vocalizing their thoughts and suggestions in clear, detailed, and understandable manner. It has always been a pleasure dealing with Minchalet over the years. Fersina Windows highly recommends Minchalet to those pursuing the dream of constructing their new home."
